Job Title: RISK & SAFETY CONSULTANT

Location: Los Angeles / Orange County Areas

Job Summary:

The Risk & Safety Consultant will perform a variety of professional level duties involved in the development, organization, implementation, evaluation, and coordination of the City's risk & safety management programs, including training and environmental compliance. The ideal candidate will have a passion and interest in Risk & Safety as a profession, have strong writing and interpersonal communication skills, proficiency using Microsoft Office Suite products, and advanced knowledge of both Federal and State occupational health and safety laws and regulations for high-hazards industries and some experience of construction safety regulations. Duties and responsibilities include: safety program development and analysis; development of training as well as coordination and delivery of training to staff; conducting thorough audits, investigations, and analysis of hazards, accidents, and injuries; developing findings, preparing reports, and making recommendations; other safety-related duties as assigned. Consultant must also be licensed to drive a motor vehicle in CA.
